

# 把兔子饲养在屋外 会有什么样的后果?

(照片属于兔之家)

# 结果不堪设想！

1. 你的兔子可能承受不了恶劣的环境而**中暑**或**打雷闪电时遭惊吓**, 导致死亡!

2. 你的兔子可能被**毛螨**或**寄生虫所感染**, 甚至成为**猎物而受伤害**!

3. 你的兔子可能被**不怀好意**的陌生人**偷走**!

# ‘眼不见, 心不念’

根据新加坡动物与兽医事务组(AVS)的条例, 虐待动物是犯法的. 若被判刑, 可监禁长至一年或兼罚款高达星币一万元.

兔子是聪明, 敏感和需受保护的动物. 照顾兔子基本条件包括:

1. 给予一个空气流通和安全的室内住家环境.
2. 宽阔的围栏, 足够兔子能舒适的躺下和站立.
3. 均衡的饮食包括无限量的牧草, 营养健康的饲料和干净的食水.

4. 在围栏外每日自由活动至少三小时, 以保持身心健康.
5. 经常给予梳理, 包括剪指甲, 梳理松脱和脏了的毛发.
6. 年检 - 每年给兽医做身体检查以确保健康.

### **ABOUT 'BUNNY WATCHERS'**

This is an all-voluntary initiative led by House Rabbit Society Singapore (HRSS) and Bunny Wonderland (BW). We hope to adopt the 'Kampung Spirit' where rabbit owners can help fellow owners in their communities to provide the one most important basic need for their pets: **a safe indoor home**.

The objective of this program is to **educate** and **support**. While there is no qualification process, a good bunny watcher is:

1. Friendly and approachable.
2. Non-judgemental and ready to lend a helping hand
3. Careful and not engage in confrontational situation
4. Well-informed in accurate rabbit care
5. Resourceful to obtain professional assistance when needed.

While we respect everyone's capacity to contribute, here's a recommended protocol for 'Bunny Watcher' to help a rabbit in need:

1. If a rabbit is spotted to be living in the corridor, assess the situation from afar. Take photos or videos for documentation.
2. If you are comfortable, approach the family and start a conversation about the rabbit. Understand their challenges and review the brochure with them to inform them of the danger of outdoor rabbits.
3. If you are not comfortable with confronting the family, place the brochure in a visible area for the family to review on their own.
4. Follow-up by visiting the premise in a few days' time. If condition did not improve, contact professionals for assistance:  
**Singapore SPCA: [6287 5355](tel:62875355) ext 9 (24 hours hotline)**  
**AVA: [1800 476 1600](tel:18004761600) (24 hour hotline)**
5. If the family decide to rehome the pets, do suggest that they should consider sterilizing them prior to handing over to rescue groups. Otherwise, it can take time for the rescue groups to be ready to take them in.

***Both HRSS and BW are all-voluntary welfare groups with limited resources. We do not have full time staffs nor professional inspectors who can conduct house visits. We also do not have any authoritative rights to remove pets from premises. We hope you understand our limitations and it is only with the help of the public, we can help these animals together. Thank you!***
